

Designed to prevent falling objects, MSA's line of tool tethers makes product selection simpler by using **color differentiation** to identify the weight capacity of each tether. Additionally, the **durable stainless steel hardware** supports increased product life to maximize your investment. All MSA Tool Tethers meet ANSI/ISEA 121-2018.

WE KNOW WHAT'S AT STAKE.

Tool Tether Weight Capacity

|                          |  |  |  |  |
